

## 4.8\*10 Super Strength Blind Pop Blind Rivet Nuts for Secure Joints

Our Product Introduction

For more products please visit us on [metalscrewfastener.com](http://metalscrewfastener.com)

## Basic Information

- Place of Origin: China
- Brand Name: FINEX
- Certification: ISO9001/ISO14001/IATF16949/RoHs
- Model Number: Blind Rivet
- Minimum Order Quantity: 50000
- Price: 0.01~0.1 USD
- Packaging Details: Small Packing+Carton Packing+Pallet
- Delivery Time: In stock 5~7 working days, customized 15~25 working days
- Payment Terms: T/T

## Product Specification

- Payment: T/T, Western Union, Paypal Etc
- Sample Available: The Sample Is Free Of Charge If We Have The Existing Tooling, You Only Need To Pay For The Freight Cos
- Standard: ISO, GB, DIN, JIS, ANSI/ ASME, BSW Non-standard. Or Base On The Drawings Or Samples
- Rivet Type: Blind Rivet
- Size: 4.8\*10
- Material: Aluminum; Stainless Steel; Steel
- Surface Finish: Customized
- Highlight: **customized metal rivet,**  
**customized pop blind rivet**

## Product Description

### Product Description:

We understand that payment options are important, which is why we offer several payment methods including T/T, Western Union, and PayPal. We want to make the process as easy and convenient as possible for you.

If you're unsure about our products, we offer a free sample if we have the existing tooling. You would only need to pay for the freight costs.

Our selection of blind pop rivets includes blind rivets and blind rivet nuts. Blind rivets are ideal for applications where access to the back of the workpiece is limited. They are also easy to install and can be used in a variety of materials, including metal, plastic, and wood. Our blind rivets are made of high-quality materials and are designed to provide a strong, secure hold.

Our blind rivet nuts are a great solution for applications where you need a strong, threaded connection. They are versatile and can be used in a variety of materials, including metal, fiberglass, and plastics. Our blind rivet nuts are available in a range of sizes and materials to meet your specific needs.

When it comes to surface finish, we offer customized options to ensure that your blind pop rivets look and function exactly how you need them to. Whether you need a specific color or texture, we can provide the finish that meets your requirements.

Trust us for all your blind pop rivet needs. Our high-quality products and exceptional customer service make us the go-to source for blind rivets and blind rivet nuts.

### Applications:

The FINEX Blind Rivet, also known as Blind Pop Rivets, is a versatile fastener solution that can be used in a variety of applications. These rivets are available in a range of sizes and materials, including aluminum, stainless steel, and steel, and can be customized to meet specific requirements. Here are some product application occasions and scenarios where you can use FINEX Blind Rivets:

#### 1. Automotive Industry:

The FINEX Blind Rivets, with their high strength and durability, are perfect for use in the automotive industry. They can be used to fasten different components of a car, such as the body panels, fenders, and doors. Blind Pop Rivets are also ideal for installing Flat Head Rivet Nut and Blind Rivet Nuts, which are commonly used in the automotive industry.

#### 2. Construction Industry:

The construction industry relies heavily on fasteners, and the FINEX Blind Rivet can be used in various construction applications. They are ideal for fastening metal sheets, aluminum frames, and other materials used in construction. Blind Pop Rivets can also be used to install Flat Head Rivet Nut and Blind Rivet Nuts in construction projects.

#### 3. Electronics Industry:

The electronics industry demands high-quality fasteners that are strong and reliable, and the FINEX Blind Rivets are perfect for this purpose. They can be used to fasten electronic components, circuit boards, and other parts. Blind Pop Rivets are also ideal for installing Flat Head Rivet Nut and Blind Rivet Nuts in electronic devices.

#### 4. Furniture Industry:

The furniture industry requires fasteners that are easy to use and can hold the weight of different furniture components. The FINEX Blind Rivets can be used to fasten different types of furniture, such as chairs, tables, and cabinets. Blind Pop Rivets are also ideal for installing Flat Head Rivet Nut and Blind Rivet Nuts in furniture.

#### 5. Marine Industry:

The marine industry requires fasteners that are corrosion-resistant and can withstand harsh marine environments. The FINEX Blind Rivets, with their high resistance to corrosion, are perfect for use in the marine industry. They can be used to fasten different components of a boat, such as the hull, deck, and other parts. Blind Pop Rivets are also ideal for installing Flat Head Rivet Nut and Blind Rivet Nuts in boats.

Overall, the FINEX Blind Rivet is a versatile and reliable fastener that can be used in different industries and applications. With their high strength, durability, and corrosion resistance, these rivets are an excellent choice for any project that requires a strong and reliable fastener. Contact FINEX today to learn more about our Blind Pop Rivets and other fastener solutions.

### Packing and Shipping:

## Custom Packaging

### Product Packaging:

1000 pieces of Rivets per box

Box dimensions: 6" x 4" x 2"

Box weight: 2 lbs

### Shipping:

Ships within 1-2 business days

Standard shipping: 3-5 business days

Expedited shipping: 1-2 business days

Shipping cost varies depending on location and shipping method selected

### FAQ:

Q1: What is your main products and material supply?
