

Flat Head Self Tapping Concrete Screws Blue Coating Phillips Self Drilling Screws

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: FinExpress
- Model Number: FinExpress Screw0126
- Minimum Order Quantity: 30000
- Price: \$0.08/pieces 5000-9999 pieces
- Packaging Details: 1.1000pcs / plastic bag,20kgs/ carton ,then put on the wood pallet ,
2.Carton size:28cm*18cm*13cm,
3.Wood pallet size:118cm*113cm,Weight:700~800Kg
Bulk:0.8 cubic
4.The weight of 20 FT Container:20~25 Tons
5,As your requirements
- Delivery Time: 7~15 Working Day
- Payment Terms: T/T, L/C, D/A, D/P
- Supply Ability: 500000000 Piece/Pieces per Week

Product Specification

- Finish: Black, ZINC, Plain, Black Oxide, ZINC PLATED, BLUE DYED, Cadmium Plated, Zinc-aluminum Coated
- Material: Brass, Stainless Steel, Steel, Aluminium, Titanium, Bronze, Nylon
- Measurement System: INCH
- Head Style: Pan, Truss, Flat, Round, HEX, Cheese
- Standard: Non-standard
- MOQ: 1 Piece In Stock, 30,000 Pcs Customized
- Package: Small Packing+Carton Packing+Pallet
- Delivery Time: In Stock 5~7 Working Days, Customized 15~25 Working Days
- Service: OEM ODM Custom Service
- Length: 1mm~500mm
- Certificate: ISO9001:2015, RoHs
- Highlight: Flat Head Self Tapping Concrete Screws, Blue Coating Phillips Self Drilling Screws

Product Description

Flat Head Self Tapping Concrete Screws Blue Coating Phillips Self Drilling Screws

FINEX | Fine and Express FASTENERS

Innovative Self-Tapping and Self-Drilling Design

Our Self Tapping Concrete Screws with Phillips drive are engineered to make your installation tasks a breeze. The unique self-tapping feature allows them to cut their own threads into concrete, eliminating the need for pre-drilling in most cases. Coupled with the self-drilling capability, they can penetrate the concrete surface quickly and smoothly, saving you valuable time and effort on the job site. This innovative design is a game-changer, especially for DIY enthusiasts and professional contractors alike, enabling efficient and hassle-free installations.

Durable Blue Coating

The screws are coated with a vibrant blue finish that serves multiple purposes. Firstly, it provides an added layer of corrosion resistance, protecting the screws from moisture, chemicals, and other environmental factors that could cause rust and degradation. This makes them suitable for both indoor and outdoor applications, whether it's fastening fixtures in a humid bathroom or securing outdoor furniture to a concrete patio. Secondly, the blue coating acts as a visual identifier, making it easy for you to distinguish these specialized screws from others in your toolkit, ensuring you grab the right fastener for the job every time.

Phillips Drive for Easy Installation

Featuring the classic Phillips drive, these screws offer excellent torque transfer and grip. The cross-shaped recess provides a secure connection with your screwdriver, allowing for precise control during installation. Whether you're using a manual screwdriver or a power drill with a Phillips bit attachment, you'll experience smooth and effortless driving, reducing the risk of cam-out and ensuring a snug fit. This ease of

use is essential for achieving accurate and reliable installations, especially when working with concrete, where precision matters.

High-Quality Construction

Made from premium-grade materials, our self-tapping concrete screws are built to last. The hardened steel core provides exceptional strength and durability, enabling them to bear heavy loads without bending or breaking. This robustness is crucial when used in applications such as attaching shelves, brackets, or hanging systems to concrete walls. The carefully engineered tip and threading ensure efficient penetration and a tight grip in the concrete, guaranteeing long-term stability and security of your fastened items.

Versatile Applications

These screws are not limited to a specific type of project. Their versatility makes them suitable for a wide range of applications in both residential and commercial settings. From installing curtain rods, light fixtures, and electrical boxes in homes to mounting signage, equipment racks, and security cameras in commercial buildings, you can rely on these screws to get the job done. Their compatibility with various substrates, including concrete, brick, and block, further expands their usability, making them a must-have in any fastening arsenal.

Customer Satisfaction Guarantee

We are committed to your satisfaction. If you have any issues with our Self Tapping Concrete Screws Blue Coating Phillips Self Drilling Screws, whether it's related to quality, performance, or installation, our dedicated customer service team is here to help. We offer prompt assistance and solutions to ensure that your project runs smoothly. Your trust in our product is our top priority, and we strive to exceed your expectations with every purchase.

Choose our Self Tapping Concrete Screws Blue Coating Phillips Self Drilling Screws for your next concrete fastening project and experience the convenience, durability, and reliability that professionals and DIYers demand. They are the ideal choice for all your concrete-related fastening needs.

More Detail Informations

Available Material

- 1.Stainless Steel: SS303, SS304, SS316, SS410, SS420;
 - 2.Carbon steel: C1006,C1010,C1018,C1022,C1035K,C1045;
 - 3.Brass: C3602,C3604,Hpb59,Hpb62,Hpb65,Hpb58,Hpb70 ;
 - 4.Aluminum: Al6061, Al6063 etc
- or as your requirements

Head type

CSK Head,Pan Head,Truss Head,Hexagon Head,Round Head,Oval Head,Button Head,Cap Head,Cheese Head,etc.

Hardness	Carbon Steel:HRC:28~35 ,HV450~700 Alloy Steel:HRC:32~39(grade10.9) HRC:39~44(grade12.9)
Finish	Zinc plated, Nickel plated, Bronze, Copper,Phosphate, Oxidation black, Passivation, Tin, Dacromet, Gold, Chrome, Silver, Phosphorization,Zinc-nickel alloy plated etc.
Sample Available	The sample is free of charge if we have the existing tooling,you only need to pay for the freight cost
Delivery time	Samples time 3-5 working days, Lead time 20-25 working days
Pricing Term	EXW Dongguan(FCA),FOB, CIF, CNF, DDU,etc.
Packing	Bulk in PE bag or Small boxes.then in carton .pallet
Payment term	TT (30% in advance as deposit, balance before delivery) , L/C, Western Union,PayPal etc
Management system	ISO9001:2015
Certificate	ISO,ROHS

Why Choose Us

NO1.Drive compariason

NO2.Torque comparison

NO3.Screw Plating Comparison

Our screws: good finish, clear thread, even coating, bright appearance.

VS

Bad screws on the market: bad finish, uneven coating, thread is oxidized, the finish is blacked.

NO4.Screw Material Comparison

Our screws: we use quality carbon steel material, Chemical Element content in Steel meets the requirement of ISO standard, they won't be broken after 90° bent, high strength, good toughness requirement of ISO

VS

Bad screws on the market: bad carbon steel material, Chemical Element content in Steel doesn't meet the requirement of ISO standard, they will be easily broken after 90° bent, high strength and bad toughness.

NO5.Mechanical Properties comparison

Our self tapping screws: our screws have high strength, enough hardness, good toughness after heat treated, they won't be broken after bent.

VS

Bad screws on the market: they have high strength and bad toughness, thread will easily be broken, because the screws are not tempered.

NO6. Corrosion Resistance Comparison of SUS304

Our SUS304 screws: nickel chemical element content won't be less than 8, meets ISO requirement. The finish won't be oxidized, rusted and has good anti-corrosion capacity standard, they won't be broken after 90° bent, high strength, good toughness.

VS

SUS304 screws on the market: nickel chemical element content will be less than 8, even doesn't have nickel plated, which doesn't meet ISO requirement. The finish will be oxidized, rusted and lose anti-corrosion capacity.

FAQ

Q1: What is your main products and material supply?

A1: Our main products are Electronic screws, Sems screws, Tapping screws, Chicago screws, Shoulder screws etc. Special Non-standard studs, Turning parts and High-end precision complex CNC Machining parts etc.

A2: Carbon Steel, Alloy Steel, Aluminum alloy, Stainless Steel, Brass, Copper, Titanium alloy or according to your requirement.

Q2: When can I get the price?

A: We usually offer you a quotation within 12 hours, and the special offer is not more than 24 hours. Any urgent cases, please contact us directly by phone or send email to us.

Q3: What about the transportation and delivery date?

A: If the weight of goods more than 80kg, Normally we use shipment to transport the orders. It is about 20-30 days. If the weight of goods less than 80kg, or there are urgent, we can send the goods via air express, It is 3~5 days.

Q4: What's your packing? What to do in case of damaged goods during transport?

A1: Our Normal packing is bulking in Cartons, less than 20 kgs/carton, 48 cartons / pallet. We also can pack products according to your requirement.

A2: To avoid any subsequent trouble regarding quality issue, we suggest you check the goods once you receive them. If there is any transport damaged or quality issue, don't forget take the detail pictures and contact us as soon as possible, we will properly handle it to make sure your loss to reduce to the smallest.

Q5: Can I get discounts?

A: Yes, for big order, frequent customers, we give reasonable discounts.

Q6: Do you have enough capacity?

A: Our production equipment is a new imported equipment. We have a group of skilled workers who have been working for more than 10 years. Their production experience is very rich and their skills are very skilled. The screws can be 30 million pcs/month. We have sufficient funds to ensure the normal operation of the factory.
