## Product Description

Custom Plastic 1/8 inch Screw Posts Book Binding Chicago Screw

### FINEX | Fine and Express FASTENERS

Our custom plastic 1/8 - inch screw posts are made from top - notch plastic, chosen for its lightweight yet sturdy properties. This plastic is engineered to resist breakage and wear, ensuring long - term use for your bookbinding projects. It's also non - corrosive, making it suitable for various environments, safeguarding your bound books from any potential damage caused by material degradation.

### Precise 1/8 - inch Size

The 1/8 - inch size is carefully designed to offer a perfect fit for standard bookbinding applications. It provides the right amount of space between pages, allowing for smooth turning while maintaining a secure binding. This precise dimension ensures compatibility with a wide range of book - thicknesses, from thin pamphlets to thicker photo albums.

### Chicago Screw Design for Easy Assembly

Featuring the classic Chicago screw design, these posts enable easy assembly and disassembly. You can effortlessly add or remove pages as your needs change. This flexibility is perfect for creating custom - made books, whether it's a personal journal, a professional portfolio, or a DIY photo book. The simple operation of the Chicago screw design makes it accessible for both beginners and experienced bookbinders.

### Versatile Bookbinding Applications

Specifically tailored for book binding, these screws are a great choice for different types of bookbinding projects. They can be used for binding art books, recipe collections, or even corporate reports. The custom plastic material can be easily decorated or left as is, depending on your aesthetic preferences, adding a personalized touch to your bound creations.

## SEO - Friendly and Customer - Oriented

Optimized for Google SEO, our product description ensures that you can easily find these custom plastic screw posts. If you have any questions about usage, compatibility, or customization options, our customer service team is always ready to assist. Choose our Custom Plastic 1/8 inch Screw Posts Book Binding Chicago Screw for a durable, flexible, and stylish bookbinding solution.

Certificate	ISO,ROHS

## Why Choose Us

### NO1.Drive compariason

### NO2.Torque comparison

### NO3.Screw Plating Comparison

Our screws: good finish, clear thread, even coating, bright appearance.

VS

Bad screws on the market: bad finish, uneven coating, thread is oxidized, the finish is blacked.

### NO4.Screw Material Comparison

Our screws: we use quality carbon steel material, Chemical Element content in Steel meets the requirement of ISO standard, they won't be broken after 90° bent, high strength, good toughness requirement of ISO

VS

Bad screws on the market: bad carbon steel material, Chemical Element content in Steel doesn't meet the requirement of ISO standard, they will be easily broken after 90° bent, high strength and bad toughness.

### NO5.Mechanical Properties comparison

Our self tapping screws: our screws have high strength, enough hardness, good toughness after heat treated, they won't be broken after bent.

VS

Bad screws on the market: they have high strength and bad toughness, thread will easily be broken, because the screws are not tempered.

### NO6. Corrosion Resistance Comparison of SUS304

Our SUS304 screws: nickel chemical element content won't be less than 8, meets ISO requirement. The finish won't be oxidized, rusted and has good anti-corrosion capacity standard, they won't be broken after 90° bent, high strength, good toughness.

VS

SUS304 screws on the market: nickel chemical element content will be less than 8, even doesn't have nickel plated, which doesn't meet ISO requirement. The finish will be oxidized, rusted and lose anti-corrosion capacity.
