

Double Thread End Studs Machine Thread Screw

Our Product Introduction

for more products please visit us on metalscrewfastener.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: FineExpress
- Model Number: FineExpress screw0013
- Minimum Order Quantity: 30000
- Price: \$0.60/pieces 1000-9999 pieces
- Packaging Details:
 - 1.1000pcs / plastic bag,20kgs/ carton ,then put on the wood pallet ,
 - 2.Carton size:28cm*18cm*13cm,
 - 3.Wood pallet size:118cm*113cm,Weight:700~800Kg Bulk:0.8 cubic
 - 4.The weight of 20 FT Container:20~25 Tons
 - 5,As your requirements
- Delivery Time: 7~15 Working Day
- Payment Terms: T/T, L/C, D/A, D/P
- Supply Ability: 500000000 Piece/Pieces per Week

Product Specification

- Finish: Plain, ZINC PLATED
- Material: Stainless Steel, Steel
- Measurement System: INCH
- Head Style: Custom
- Standard: Non-standard
- Product Name: Double End Threaded Rods
- Grade: 4.8/ 8.8/ 10.9/ 12.9 Ect
- Delivery Time: In Stock 7~15 Working Days, Customized 15~25 Working Days
- Payment: T/T. 30% Deposit.Western Union
- Certificate: IATF16949/ISO9001:2015/ISO14001:2015
- MOQ: 1 Piece In Stock, 30,000 Pcs Customized
- Highlight: **customized metal screw eye, customized metal screw fastener, stainless steel metal screw eye**

Product Description

Double Thread End Studs Machine Thread Screw

**FINEX | Fine and Express
FASTENERS** 

Full Certifications

The factory has ISO9001, ISO14001, IATF16949 system certification, and PPAP and APQP test reports can be provide

Fast Delivery

5 working days for regular products, 15 working days for customized products.

Nice Quality

Products after more than 12 inspection processes before delivery, quality is guaranteed

Competitive Price

we have advantage in the cost of raw materials. Under the same quality, our price is generally 10%-20% lower than the market.

Factory Price

20+years fastener production experience, ITS, SGS certified factory, Supports to visit our factory with video call.

Free Sample

Free design for customized samples until meet your satisfaction, free to provide product solutions

Our Advantages

Our Product Introduction

for more products please visit us on metalscrewfastener.com

Our Double Thread End Studs Machine Thread Screws are designed to meet the diverse needs of various industries. These studs feature threads at both ends, providing exceptional versatility in fastening applications.

Dual - Threaded Design

The double - thread end design is the highlight of these studs. With threads on each end, they can be used to connect two separate components or to anchor into two different materials. This allows for greater flexibility in assembly and construction. For example, in machinery, one end can be threaded into a fixed base while the other attaches a moving part, ensuring a stable connection.

High - Quality Machine Threads

The machine threads are precision - cut to ensure smooth engagement and a tight fit. They are made from high - grade materials, offering excellent strength and durability. Whether it's withstanding vibrations in industrial equipment or heavy loads in construction, these threads maintain their integrity, preventing loosening over time.

Compatibility and Applications

These studs are compatible with a wide range of nuts and threaded holes, making them suitable for countless projects. In the automotive industry, they're used for engine assembly and suspension component attachment. In construction, they play a crucial role in securing structural elements. They're also popular in DIY projects, providing a reliable fastening option for hobbyists.

Quality Assurance

We ensure top - notch quality for every Double Thread End Studs Machine Thread Screw. Rigorous quality control checks are carried out during production to verify thread accuracy, material strength, and overall dimensions. This commitment to quality means you can trust these screws for your most demanding applications.

If you have any questions regarding product specifications, installation, or compatibility, our customer support team is always here to help. Choose our double - threaded studs for a reliable and efficient fastening solution.

Specification

More Detail Informations

Available Material

1. Stainless Steel: SS303, SS304, SS316, SS410, SS420;
 2. Carbon steel: C1006, C1010, C1018, C1022, C1035K, C1045;
 3. Brass: C3602, C3604, Hpb59, Hpb62, Hpb65, Hpb58, Hpb70 ;
 4. Aluminum: Al6061, Al6063 etc
- or as your requirements

Head type

CSK Head, Pan Head, Truss Head, Hexagon Head, Round Head, Oval Head, Button Head, Cap Head, Cheese Head, etc.

Hardness	Carbon Steel:HRC:28~35 ,HV450~700 Alloy Steel:HRC:32~39(grade10.9) HRC:39~44(grade12.9)
Finish	Zinc plated, Nickel plated, Bronze, Copper,Phosphate, Oxidation black, Passivation, Tin, Dacromet, Gold, Chrome, Silver, Phosphorization,Zinc-nickel alloy plated etc.
Sample Available	The sample is free of charge if we have the existing tooling,you only need to pay for the freight cost
Delivery time	Samples time 3-5 working days, Lead time 20-25 working days
Pricing Term	EXW Dongguan(FCA),FOB, CIF, CNF, DDU,etc.
Packing	Bulk in PE bag or Small boxes.then in carton .pallet
Payment term	TT (30% in advance as deposit, balance before delivery) , L/C, Western Union,PayPal etc
Management system	ISO9001:2015
Certificate	ISO,ROHS

Why Choose Us

NO1.Drive compariason

NO2.Torque comparison

NO3.Screw Plating Comparison

Our screws: good finish, clear thread, even coating, bright appearance.

VS

Bad screws on the market: bad finish, uneven coating, thread is oxidized, the finish is blacked.

NO4.Screw Material Comparison

Our screws: we use quality carbon steel material, Chemical Element content in Steel meets the requirement of ISO standard, they won't be broken after 90° bent, high strength, good toughness requirement of ISO

VS

Bad screws on the market: bad carbon steel material, Chemical Element content in Steel doesn't meet the requirement of ISO standard, they will be easily broken after 90° bent, high strength and bad toughness.

NO5.Mechanical Properties comparison

Our self tapping screws: our screws have high strength, enough hardness, good toughness after heat treated, they won't be broken after bent.

VS

Bad screws on the market: they have high strength and bad toughness, thread will easily be broken, because the screws are not tempered.

NO6. Corrosion Resistance Comparison of SUS304

Our SUS304 screws: nickel chemical element content won't be less than 8, meets ISO requirement. The finish won't be oxidized, rusted and has good anti-corrosion capacity standard, they won't be broken after 90° bent, high strength, good toughness.

VS

SUS304 screws on the market: nickel chemical element content will be less than 8, even doesn't have nickel plated, which doesn't meet ISO requirement. The finish will be oxidized, rusted and lose anti-corrosion capacity.

FAQ

Q1: What is your main products and material supply?

A1: Our main products are Electronic screws, Sems screws, Tapping screws, Chicago screws, Shoulder screws etc. Special Non-standard studs, Turning parts and High-end precision complex CNC Machining parts etc.

A2: Carbon Steel, Alloy Steel, Aluminum alloy, Stainless Steel, Brass, Copper, Titanium alloy or according to your requirement.

Q2: When can I get the price?

A: We usually offer you a quotation within 12 hours, and the special offer is not more than 24 hours. Any urgent cases, please contact us directly by phone or send email to us.

Q3: What about the transportation and delivery date?

A: If the weight of goods more than 80kg, Normally we use shipment to transport the orders. It is about 20-30 days. If the weight of goods less than 80kg, or there are urgent, we can send the goods via air express, It is 3-5 days.

Q4: What's your packing? What to do in case of damaged goods during transport?

A1: Our Normal packing is bulking in Cartons, less than 20 kgs/carton, 48 cartons / pallet. We also can pack products according to your requirement.

A2: To avoid any subsequent trouble regarding quality issue, we suggest you check the goods once you receive them. If there is any transport damaged or quality issue, don't forget take the detail pictures and contact us as soon as possible, we will properly handle it to make sure your loss to reduce to the smallest.

Q5: Can I get discounts?

A: Yes, for big order, frequent customers, we give reasonable discounts.

Q6: Do you have enough capacity?

A: Our production equipment is a new imported equipment. We have a group of skilled workers who have been working for more than 10 years. Their production experience is very rich and their skills are very skilled. The screws can be 30 million pcs/month. We have sufficient funds to ensure the normal operation of the factory.
