

Custom Fitting Copper Brass Flare Nut with ISO9001:2015 Certification and DIN Standard

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: FINEX
- Model Number: Brass Flare Nut
- Minimum Order Quantity: 1000 pieces
- Price: \$0.05/pieces 1000-49999 pieces
- Delivery Time: 7~15 working day

Product Specification

- Material: Brass
- Standard: DIN
- MOQ: 1 Piece In Stock, 30,000 Pcs Customized
- Package: Small Packing+Carton Packing+Pallet
- Delivery Time: In Stock 5~7 Working Days, Customized 15~25 Working Days
- Service: OEM ODM Custom Service
- Length: 1mm~500mm
- Certificate: ISO9001:2015, SGS, RoHs
- Highlight: **DIN Standard Flare Nut,
Custom Fitting Brass Flare Nut,
Custom Fitting Copper Flare Nut**

Custom Fitting Copper Brass Flare Nut DIN Standard with SGS Certification

Superior Material Quality

Our Brass Flare Nuts are meticulously crafted from high-grade brass alloy, renowned for its excellent combination of strength, durability, and corrosion resistance. This premium material ensures reliable performance in plumbing systems, gas lines, and hydraulic setups. The non-ferrous brass construction prevents rust, providing long-lasting connections.

Precision Machining for Perfect Sealing

Each flare nut is precision-machined to exacting standards with smooth, accurately cut threading for a snug fit with corresponding flare fittings. The carefully designed flare seat ensures optimal contact with mating surfaces, creating leak-proof seals for fluid and gas systems.

Wide Range of Compatibility

Available in multiple sizes and configurations, our Brass Flare Nuts are compatible with various piping materials including copper tubing and aluminum pipes. This versatility makes them ideal for plumbing, HVAC, and automotive applications.

Aesthetic Appeal and Professional Finish

The brass material provides an attractive golden sheen, making these nuts suitable for visible installations where aesthetics matter. They blend seamlessly into home renovations, commercial plumbing systems, and custom automotive builds.

Easy Installation and Maintenance

Designed for user-friendly installation with smooth threading for effortless tightening. The durable construction requires minimal maintenance, reducing upkeep costs. Clear instructions ensure proper installation for all skill levels.

Choose our Brass Flare Nuts for reliable, high-quality fastening solutions in fluid and gas systems. Engineered for performance and durability in professional applications.
