

## Cobalt Blue PVD Coated Countersunk Phillips Screw Partial Thread & 316L Stainless

Our Product Introduction

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: FINEX
- Certification: ISO9001|ISO14001| IATF16949
- Model Number: blue pvd coated screws
- Minimum Order Quantity: 30000
- Price: \$0.05/pieces 30000-49999 pieces
- Packaging Details:
  - 1.1000pcs / plastic bag,20kgs/ carton ,then put on the wood pallet ,
  - 2.Cartn size:28cm\*18cm\*13cm,
  - 3.Wood pallet size:118cm\*113cm,Weight:700~800Kg  
Bulk:0.8 cubic
  - 4.The weight of 20 FT Container:20~25 Tons
  - 5,As your requirements
- Delivery Time: 7~15 Working Day
- Payment Terms: T/T, L/C, D/A, D/P
- Supply Ability: 500000000 Piece/Pieces per Week

### Product Specification

- Finish: ZINC, Plain
- Material: Stainless Steel, Steel
- Standard: DIN
- Head Type: Custom Special Head
- Service: OEM Customized Design
- Delivery Time: In Stock 5~7 Working Days, Customized 15~25 Working Days
- Package: Small Packing+Carton Packing+Pallet
- Reliability Test: Mechanical Dimentions, Hardness Test.Salt Spray Endurance Test
- MOQ: 1 Piece In Stock, 30,000 Pieces Customized
- Highlight: **Partial Thread Countersunk Phillips Screw , 316L Stainless Countersunk Phillips Screw, PVD Coated Countersunk Phillips Screw**

## Product Description

Cobalt Blue PVD Coated Countersunk Phillips Screw – Partial Thread & 316L Stainless

### FINEX | Fine and Express FASTENERS

## Product Overview

Our Cobalt Blue PVD Coated Countersunk Phillips Screw combines the superior corrosion resistance of 316L stainless steel with a striking cobalt blue finish for applications demanding durability and visual appeal. Featuring a partial thread design for controlled grip and reduced friction, this screw is engineered for precision fastening in marine, medical, luxury automotive, and architectural installations. The PVD (Physical Vapor Deposition) coating enhances wear resistance while delivering a vibrant, fade-resistant cobalt blue finish.

## Key Features

Cobalt Blue PVD Coating

Decorative & Durable: Scratch-resistant, UV-stable coating with a lustrous cobalt blue hue.

Wear Resistance: Hardened surface (2,000+ HV) outperforms traditional plating.

316L Stainless Steel

Marine-Grade Corrosion Resistance: Low carbon content prevents intergranular corrosion in saltwater, chlorine, and acidic environments.

Medical Compliance: ASTM F138/F139 compliant for surgical tools and implants.

Partial Thread Design

Precision Alignment: Unthreaded shank section reduces friction and prevents over-tightening in soft materials (e.g., plastics, composites).

Vibration Resistance: Maintains clamp force in dynamic assemblies.

Countersunk Phillips Head

Flush Mounting: 82° countersunk angle sits level with surfaces for a sleek, snag-free finish.

PH2 Phillips Drive: Compatible with standard tools; optional Torx or hex drive available.

## Specification

### More Detail Informations

Available Material

1. Stainless Steel: SS303, SS304, SS316, SS410, SS420;
  2. Carbon steel: C1006, C1010, C1018, C1022, C1035K, C1045;
  3. Brass: C3602, C3604, Hpb59, Hpb62, Hpb65, Hpb58, Hpb70 ;
  4. Aluminum: Al6061, Al6063 etc
- or as your requirements

Head type

CSK Head, Pan Head, Truss Head, Hexagon Head, Round Head, Oval Head, Button Head, Cap Head, Cheese Head, etc.

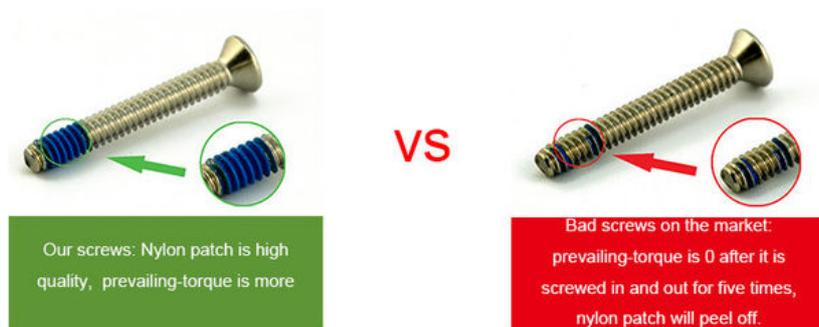

Hardness	Carbon Steel:HRC:28~35 ,HV450~700 Alloy Steel:HRC:32~39(grade10.9) HRC:39~44(grade12.9)
Finish	Zinc plated, Nickel plated, Bronze, Copper,Phosphate, Oxidation black, Passivation, Tin, Dacromet, Gold, Chrome, Silver, Phosphorization,Zinc-nickel alloy plated etc.
Sample Available	The sample is free of charge if we have the existing tooling,you only need to pay for the freight cost
Delivery time	Samples time 3-5 working days, Lead time 20-25 working days
Pricing Term	EXW Dongguan(FCA),FOB, CIF, CNF, DDU,etc.
Packing	Bulk in PE bag or Small boxes.then in carton .pallet
Payment term	TT (30% in advance as deposit, balance before delivery) , L/C, Western Union,PayPal etc
Management system	ISO9001:2015
Certificate	ISO,ROHS

## Why Choose Us

### NO1.Drive compariason

### NO2.Torque comparison

### NO3.Screw Plating Comparison

Our screws: good finish, clear thread, even coating, bright appearance.

VS

Bad screws on the market: bad finish, uneven coating, thread is oxidized, the finish is blacked.

### NO4.Screw Material Comparison

Our screws: we use quality carbon steel material, Chemical Element content in Steel meets the requirement of ISO standard, they won't be broken after 90° bent, high strength, good toughness requirement of ISO

VS

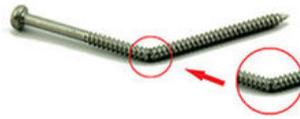

Bad screws on the market: bad carbon steel material, Chemical Element content in Steel doesn't meet the requirement of ISO standard, they will be easily broken after 90° bent, high strength and bad toughness.

### NO5.Mechanical Properties comparison

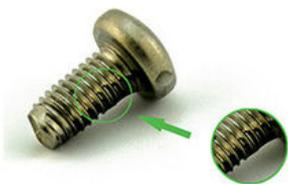

Our self tapping screws: our screws have high strength, enough hardness, good toughness after heat treated, they won't be broken after bent.

VS

Bad screws on the market: they have high strength and bad toughness, thread will easily be broken, because the screws are not tempered.

### NO6. Corrosion Resistance Comparison of SUS304

Our SUS304 screws: nickel chemical element content won't be less than 8, meets ISO requirement. The finish won't be oxidized, rusted and has good anti-corrosion capacity standard, they won't be broken after 90° bent, high strength, good toughness.

VS

SUS304 screws on the market: nickel chemical element content will be less than 8, even doesn't have nickel plated, which doesn't meet ISO requirement. The finish will be oxidized, rusted and lose anti-corrosion capacity.

## FAQ

**Q1: What is your main products and material supply?**

**A1:** Our main products are Electronic screws, Sems screws, Tapping screws, Chicago screws, Shoulder screws etc. Special Non-standard studs, Turning parts and High-end precision complex CNC Machining parts etc.

**A2:** Carbon Steel, Alloy Steel, Aluminum alloy, Stainless Steel, Brass, Copper, Titanium alloy or according to your requirement.

**Q2: When can I get the price?**

**A:** We usually offer you a quotation within 12 hours, and the special offer is not more than 24 hours. Any urgent cases, please contact us directly by phone or send email to us.

**Q3: What about the transportation and delivery date?**

**A:** If the weight of goods more than 80kg, Normally we use shipment to transport the orders. It is about 20-30 days. If the weight of goods less than 80kg, or there are urgent, we can send the goods via air express, It is 3-5 days.

**Q4: What's your packing? What to do in case of damaged goods during transport?**

**A1:** Our Normal packing is bulking in Cartons, less than 20 kgs/carton, 48 cartons / pallet. We also can pack products according to your requirement.

**A2:** To avoid any subsequent trouble regarding quality issue, we suggest you check the goods once you receive them. If there is any transport damaged or quality issue, don't forget take the detail pictures and contact us as soon as possible, we will properly handle it to make sure your loss to reduce to the smallest.

**Q5: Can I get discounts?**

**A:** Yes, for big order, frequent customers, we give reasonable discounts.

Q6: Do you have enough capacity?

A: Our production equipment is a new imported equipment. We have a group of skilled workers who have been working for more than 10 years. Their production experience is very rich and their skills are very skilled. The screws can be 30 million pcs/month. We have sufficient funds to ensure the normal operation of the factory.
