Black Rubber Anti-Vibration Conical Washer Shock Absorption for Machinery Mounting

Basic Information

Place of Origin: Guangdong, ChinaBrand Name: FineExpress

Certification: ISO9001|ISO14001| IATF16949
 Model Number: black rubber anti-vibration washer

• Minimum Order Quantity: 50000

• Price: \$0.10/pieces 100-29999 pieces

Packaging Details:
 1.1000pcs / plastic bag,20kgs/ carton ,then

put on the wood pallet,

2.Carton size:28cm*18cm*13cm,

3.Wood pallet

size:118cm*113cm,Weight:700~800Kg

Bulk:0.8 cubic

4. The weight of 20 FT Container: 20~25 Tons

5,As your requirements

Delivery Time: 7~15 Working Day
 Payment Terms: T/T, L/C, D/A, D/P

• Supply Ability: 500000000 Piece/Pieces per Week

Product Specification

Finish: Black, ZINC, PlainStyle: Flat Washer

Material: Aluminium

Application: Heavy Industry, Mining, Water Treatment,

Healthcare, Retail Industry, Food & Beverage, General Industry, Oil & Gas,

Automotive Industry, Electrical, electronics, cabint

• Standard: No Standard

Reliability Test:
 Mechanical Dimentions,salt Spray

Endurance Test

Service: Customized OEM

• Sample: Availble

Function: Connection, Fastening And Decoration
 MOQ: 1 Piece In Stock, 50,000 Pcs Customized
 Delivery Time: In Stock 5~7 Working Days, Customized

15~25 Working Days

Product Description

Black Rubber Anti-Vibration Conical Washer - Shock Absorption for Machinery Mounting

FINEX | Fine and Express FASTENERS TO TO **Fast Delivery Full Certifications** 5 working days for regular The factory has IS09001, IS014001, IATF16949 products,15 working days system certification, and PPAP and APQP test for customized products. reports can be provide Competitive Nice Ouality Products after more than we have advantage in the **Our Advantages** 12 inspection processes cost of raw materials. before delivery, quality Under the same quality. is guaranteed our price is generally 10%-20% lower than the market. Free Sample **Factory Price** Free design for customized 20+years fastener production samples until meet your experience. ITS, SGS certified factory, Supports to visit our satisfaction, free to provide product solutions factory with video call.

Product Overview

The Black Rubber Anti-Vibration Conical Washer is designed to mitigate vibrations, shocks, and noise in industrial machinery and equipment. Crafted from durable, high-grade rubber, its conical shape ensures optimal load distribution and grip, reducing wear on components and enhancing stability. Ideal for heavy-duty applications, this washer absorbs kinetic energy, prolongs equipment lifespan, and minimizes operational noise in manufacturing, automotive, and HVAC systems.

Key Features

Anti-Vibration Design: Conical shape dissipates vibrations and shocks, protecting machinery from damage.

Durable Rubber Construction: Oil-resistant nitrile rubber (NBR) withstands harsh environments, chemicals, and temperatures (-40°C to 100°C).

Load Distribution: Conical profile evenly spreads pressure, preventing metal-to-metal contact and reducing component fatigue.

Easy Installation: Flexible yet resilient design fits standard bolts and mounts without specialized tools.

Noise Reduction: Dampens operational noise for a safer, quieter workplace.

Why Choose Us

NO1.Drive compariason

Our screws: cross recess drive remains intact after repeatedly used. VS

Bad screws on the market: cross recess drive cannot be used after repeatedly used, they may slip or tear out the Philips screw head.

NO2. Torque comparison

Our screws: Nylon patch is high quality, prevailing-torque is more

VS

prevailing-torque is 0 after it is screwed in and out for five times, nylon patch will peel off.

NO3.Screw Plating Comparison

Our screws: good finish, clear thread even coating, bright appearance. VS

Bad screws on the market: bad finish, uneven coating, thread is oxided, the finish is blacked.

NO4.Screw Material Comparison

Our screws: we use quality carbon steel material, Chemical Element content in Steel meets the requirement of ISO standard, they won't be broken after 90° bent, high strength, good toughness requirement of ISO.

VS

Bad screws on the market: bad carbon steel material, Chemical Element content in Steel doesn't meet the requirement of ISO standard, they will be easily broken after 90° bent, high strength and bad toughness.

VS

Our self tapping screws: our screws have high strength, enough hardness good toughness after heat treated, they won't be broken after bent. Bad screws on the market: they have high strength and bad toughness, thread will easily be broken, because the screws are not tempered.

NO6. Corrosion Resistance Comparison of SUS304

VS

Our SUS304 screws: nickel chemical element content won't be less than 8, meets ISO requirement. The finish won't be oxided, rusted and has good anti-corresion capacity.standard, they won't be broken after 90° bent, high strength, good toughness.

SUS304 screws on the market:
nickel chemical element content will
be less than 8, even doesn't have
nickel plated, which doesn't meet ISO
requirement. The finish will be oxided,
rusted and lose anti-corresion
capacity.

Company Profile

FAQ

Q1: What is your main products and material supply?

A1: Our main products are Electronic screws, Sems screws, Tapping screws, Chicago screws, Shoulder screws etc. Special Non-standard studs, Turning parts and High-end precision complex CNC Machining parts etc.

A2: Carbon Steel, Alloy Steel, Aluminum alloy, Stainless Steel, Brass, Copper, Titanium alloy or according to your requirement.

Q2: When can I get the price?

A: We usually offer you a quotation within 12 hours, and the special offer is not more than 24 hours. Any urgent cases, please contact us directly by phone or send email to us.

Q3: What about the transportation and delivery date?

A: If the weight of goods more than 80kg, Normally we use shipment to transprot the orders. It is about 20-30days. If the weight of goods less than 80kg,or there are urgent, we can send the goods via air express, It is 3~5 days.

Q4: What's your packing? What to do in case of damaged goods during transport?

A1: Our Normal packing is bulking in Cartons, less than 20 kgs/carton, 48 cartons / pallet. We also can pack products according to your requirement.

A2: To avoid any subsequent trouble regarding quality issue, we suggest you check the goods once you receive them. If there is any transport damaged or quality issue, don't forget take the detail pictures and contact us as soon as possible, we will properly handle it to make sure your loss to reduce to the smallest.

Q5: Can I get discounts?

A: Yes, for big order, frequent customers, we give reasonable discounts.

Q6: Do you have enough capacity?

A: Our production equipment is a new imported equipment. We have a group of skilled workers who have been working for more than 10 years. Their production experience is very rich and their skills are very skilled. The screws can be 30 million pcs/month. We have sufficient funds to ensure the normal operation of the factory.
