

Red Baked Paint Hex Flange Head Self-Drilling Screw with Waterproof EPDM Washer for M6/M8/M10 Roofing Applications

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: FinExpress
- Certification: ISO9001|ISO14001| IATF16949
- Model Number: Self Drilling Screws
- Minimum Order Quantity: 30000
- Price: \$0.02/pieces 50000-99999 pieces
- Packaging Details: 1.1000pcs / plastic bag,20kgs/ carton ,then put on the wood pallet ,
2.Carton size:28cm*18cm*13cm,
3.Wood pallet size:118cm*113cm,Weight:700~800Kg
Bulk:0.8 cubic
4.The weight of 20 FT Container:20~25 Tons
5,As your requirements
- Delivery Time: 7~15 Working Day
- Payment Terms: T/T,L/C,D/A,D/P
- Supply Ability: 500000000 Piece/Pieces per Week

Product Specification

- Finish: Black, ZINC, Plain, Black Oxide, ZINC PLATED, BLUE DYED, Cadmium Plated, Zinc-aluminum Coated
- Material: Brass, Stainless Steel, Steel, Aluminium, Plastic, Bronze
- Measurement System: INCH, Metric
- Head Style: Truss, Flat, HEX
- Standard: ISO,DIN,JIS
- Product Name: Self Drilling Sds Screws
- MOQ: 1 Piece In Stock, 30,000 Pcs Customized
- Package: Small Packing+Carton Packing+Pallet
- Delivery Time: In Stock 5~7 Working Days, Customized 15~25 Working Days
- Service: OEM ODM Custom Service
- Length: 1mm~500mm
- Certificate: ISO9001:2015, RoHs

Product Description

Red Baked Paint Hex Flange Head Self-Drilling Screw – Waterproof EPDM Washer & M6/M8/M10 Sizes for Roofing

Product Overview

Our Red Baked Paint Hex Flange Head Self-Drilling Screw is engineered for fast, leak-proof fastening in metal roofing and cladding applications. Featuring a self-drilling tip for no-pre-drill installation, a waterproof EPDM washer for a weather-tight seal, and a corrosion-resistant red baked paint finish, this screw ensures durability and visibility in harsh outdoor environments. Available in M6, M8, and M10 sizes, the hex flange head design provides superior torque transfer and load distribution, making it ideal for professionals and DIYers alike.

Key Features

- **Self-Drilling Tip**

Sharp, fluted tip drills and taps in one step, eliminating pre-drilling in metal, wood, or composite substrates. Ideal for steel, aluminum, and fiberglass roofing panels.

- **Waterproof EPDM Washer**

Ethylene Propylene Diene Monomer (EPDM) rubber withstands UV rays, temperature extremes (-40°C to 120°C), and heavy rain. Resists cracking and compression set for lasting performance.

- **Red Baked Paint Finish**

Electrostatic epoxy coating provides robust protection against rust, salt spray, and humidity. Red color aids in installation quality checks and blends with red roofing materials.

- **Hex Flange Head**

Hex drive (5mm, 6mm, or 8mm) works with standard sockets or impact drivers for high-torque installation. Flange distributes load to prevent panel deformation and pull-through.

What We Produce is Not Just a Screw. We Provide a Guarantee of Secure Fastening

Specification

Available Material	1. Stainless Steel: SS303, SS304, SS316, SS410, SS420 2. Carbon steel: C1006, C1010, C1018, C1022, C1035K, C1045 3. Brass: C3602, C3604, Hpb59, Hpb62, Hpb65, Hpb58, Hpb70 4. Aluminum: Al6061, Al6063 etc or as your requirements
Head type	CSK Head, Pan Head, Truss Head, Hexagon Head, Round Head, Oval Head, Button Head, Cap Head, Cheese Head, etc.
Hardness	Carbon Steel: HRC:28~35, HV450~700 Alloy Steel: HRC:32~39(grade10.9) HRC:39~44(grade12.9)
Finish	Zinc plated, Nickel plated, Bronze, Copper, Phosphate, Oxidation black, Passivation, Tin, Dacromet, Gold, Chrome, Silver, Phosphorization, Zinc-nickel alloy plated etc.
Sample Available	The sample is free of charge if we have the existing tooling, you only need to pay for the freight cost
Delivery time	Samples time 3-5 working days, Lead time 20-25 working days
Pricing Term	EXW Dongguan(FCA), FOB, CIF, CNF, DDU, etc.
Packing	Bulk in PE bag or Small boxes, then in carton, pallet
Payment term	TT (30% in advance as deposit, balance before delivery), L/C, Western Union, PayPal etc
Management system	ISO9001:2015
Certificate	ISO, ROHS

Why Choose Us?

- OEM/ODM Support: Full custom packaging, branding, and documentation.
- Quality Assurance: ISO 9001-certified with full material traceability and testing (salt-spray, torque, tensile).
- Flexible MOQs: Prototype batches to large-scale production.
- Fast Turnaround: 10-15 days for standard orders; expedited options available.

NO1.Drive compariason

Our screws: cross recess drive remains intact after repeatedly used.

VS

Bad screws on the market: cross recess drive cannot be used after repeatedly used, they may slip or tear out the Philips screw head.

NO2.Torque comparison

Our screws: Nylon patch is high quality, prevailing-torque is more

VS

Bad screws on the market: prevailing-torque is 0 after it is screwed in and out for five times, nylon patch will peel off.

NO3.Screw Plating Comparison

Our screws: good finish, clear thread, even coating, bright appearance.

VS

Bad screws on the market: bad finish, uneven coating, thread is oxidized, the finish is blacked.

NO4.Screw Material Comparison

Our screws: we use quality carbon steel material, Chemical Element content in Steel meets the requirement of ISO standard, they won't be broken after 90° bent, high strength, good toughness.requirement of ISO

VS

Bad screws on the market: bad carbon steel material, Chemical Element content in Steel doesn't meet the requirement of ISO standard, they will be easily broken after 90° bent, high strength and bad toughness.

NO5.Mechanical Properties comparison

NO6. Corrosion Resistance Comparison of SUS304

FAQ

Q1: What is your main products and material supply?

A1: Our main products are Electronic screws, Sems screws, Tapping screws, Chicago screws, Shoulder screws etc. Special Non-standard studs, Turning parts and High-end precision complex CNC Machining parts etc.

A2: Carbon Steel, Alloy Steel, Aluminum alloy, Stainless Steel, Brass, Copper, Titanium alloy or according to your requirement.

Q2: When can I get the price?

A: We usually offer you a quotation within 12 hours, and the special offer is not more than 24 hours. Any urgent cases, please contact us directly by phone or send email to us.

Q3: What about the transportation and delivery date?

A: If the weight of goods more than 80kg, Normally we use shipment to transport the orders. It is about 20-30 days. If the weight of goods less than 80kg, or there are urgent, we can send the goods via air express, It is 3~5 days.

Q4: What's your packing? What to do in case of damaged goods during transport?

A1: Our Normal packing is bulking in Cartons, less than 20 kgs/carton, 48 cartons / pallet. We also can pack products according to your requirement.

A2: To avoid any subsequent trouble regarding quality issue, we suggest you check the goods once you receive them. If there is any transport damaged or quality issue, don't forget take the detail pictures and contact us as soon as possible, we will properly handle it to make sure your loss to reduce to the smallest.

Q5: Can I get discounts?

A: Yes, for big order, frequent customers, we give reasonable discounts.

Q6: Do you have enough capacity?

A: Our production equipment is a new imported equipment. We have a group of skilled workers who have been working for more than 10 years. Their production experience is very rich and their skills are very skilled. The screws can be 30 million pcs/month. We have sufficient funds to ensure the normal operation of the factory.
